A Texas Wonder.

There's a Hill at Bowie, Tex., that's twice as big as last year. This wonder is W. L. Hill, who from a weight of 90 pounds has grown to over 180. He says: "I suffered with a terrible cough, and doctors gave me up to die of Consumption. I was reduced to 90 pounds, when I began taking Dr. King's New Discovery for Consumption, Coughs and Colds. Now, after taking 12 bottles, I have more than doubled in weight and am completely cured." Only sure Cough and Cold cure. Guaranteed by McPherson's Drug Store, 50c and \$1.00. Trial bottle free.

Fire Engine Ready.

The fire engine will be installed in the No. 2 station Tuesday. The contractor will finish the work on the addition today. The engine is installed for additional protection in the mill district where the water pressure is not great. The engine will pump the water from the mains.

Outwits the Surgeon.

A complication of female troubles, with catarrh of the stomach and bowels, had reduced Mrs. Thomas S. Austin, of Leavenworth, Ind., to such a deplorable condition, that her husband fearing fatal results, postponed this to try Electric Bitters; and to the amazement of all who knew her, this medicine completely cured her. Guaranteed cure for torpid liver, kidney disease, biliousness, jaundice, chills and fever, general debility, nervousness and blood poisoning. Best tonic made. Price 50c at McPherson's Drug Store. CITY TEACHERS BEING EXAMINED

Fifteen, the Majority Seeking to Renew Certificates, Apply.

School Board Meets Tonight to Elect Force for Next Year—May Be Lively Time.

COLORED PEDAGOGUES STUDY

This morning the regular annual examinations of applicants for positions as teachers in the Paducah schools, began and will last through tomorrow. The majority are teachers who have been teaching on renewed or extended certificates. Some few are taking the examinations for a better certificate, the rate of pay being based on the class of certificate held.

There are about 15 applicants. They are all white, the colored teachers waiting until the midsummer examinations. Profs. W. H. Sugg and W. P. Johnson are conducting the examinations.

Colored Teachers Work.

This year colored teachers have gone in for better teachers' certificates and it was stated today that more colored teachers will go away this summer for normal school training than ever before. In the past colored teachers have not been having the city in the summer or taking any kind of training course. The fact that they are taking more interest in the work is gratifying to the authorities and better work is looked for among the colored educators next year.

Election of Teachers.

Supt. C. M. Lieb is out today and was at his office this morning. Supt. Lieb has been ill for more than a week, and the election of teachers had been postponed until he was able to attend the meeting. He will be on hand tonight and the election will be held. There is a great deal of interest manifested in the election of teachers, and the outcome will be watched with interest. The committee to which the matter of selecting teachers was referred, has drawn up a report of recommendations to be presented tonight. It leaves out seven teachers, three refusing to apply for their positions; and four being left out by the committee. The report of the committee is generally ratified or concurred in, but in this instance it is understood this matter may mean a fight. The board is said to be divided on the report.

Long Tennessee Fight.

For twenty years W. L. Rawls, of Bells, Tenn., fought nasal catarrh. He writes: "The swelling and soreness inside my nose was fearful, till I began applying Bucklen's Arnica Salve to the sore surface this caused the soreness and swelling to disappear, never to return." Best salve in existence. 25c McPherson's Drug Store.
